

POWERZONE

SWIFTLY TACKLING ODOUR, DELIVERING REFRESHED SPACES

Fast, highly effective odour removal

- Advanced Odour Removal
- Operational Savings
- Exceptional Guest Satisfaction

Technologically advanced deep cleaning

The POWERZONE is perfect for fast, highly effective odour removal in challenging environments. Using advanced Photoplasma™ technology, it outperforms conventional cleaning methods by addressing odours at source, in the air or on soft furnishings. It is designed for use in unoccupied spaces and can be easily programmed with a built-in timer.

POWERZONE: Full odour protection

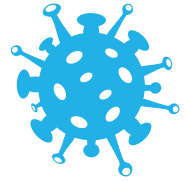

**Cigarette & Cigar
Smoke**

Fire Damage

Harmful Chemicals

**Airborne &
Surface Bacteria**

The POWERZONE is a powerful solution designed to elevate indoor environments such as hotel rooms and waste areas. Using cutting-edge Photoplasma™ technology, it works swiftly to purify air and surfaces, while effectively combating odours.

Perfect for:

Hospitality, Hotels and Restaurants
Residential, Care and Retirement Homes
Manufacturing Facilities and Processing Plants
Entertainment Venues, Stadiums, Concert Halls

POWERZONE is the trusted choice of some of the world's premier hospitality brands, delivering swift and effective facility cleaning.

Benefits of the POWERZONE:

- **Advanced Odour Elimination:** Say goodbye to stubborn odours in minutes.
- **Exceptional Guest Satisfaction:** Clean, fresh spaces lead to repeat bookings and positive reviews.
- **Enhanced Revenue:** Speedy room turnaround boosts revenue through increased occupancy rates.
- **Operational Savings:** Requires minimal maintenance and lamp replacements.
- **Improved Staff Satisfaction:** Reduces manual labour, ensuring a happier workforce.
